

WORKING WITH YOUR FOSTER CHILD'S SCHOOL

Getting the System to Work!

Presented by:
Larry M. Davis

Larry Davis, an Educational Consultant in the Puget Sound region since 1998, helps caretakers navigate through the public school system, primarily addressing special needs issues such as **ADHD/ADD, Aspergers/HFA and IEP/Section 504 Planning**. As a former Public School Principal with extensive Special Education experience, his "insiders" information will be shared thorough useful strategies, inspirational stories and humor. Be prepared to laugh and learn!

Participants will walk away from this session with specific strategies to assist in their advocacy for an appropriate IEP/Section 504 Special Education Plan. In addition all participants will gain a new understanding of:

- ✓ Special Education/Accommodation Services available through your local public schools
- ✓ Differences between a Special Education IEP and "Section 504"
- ✓ Typical Accommodations for ADHD/ADD students
- ✓ Powerful negotiation skills and strategies to get the system to work for you and your foster child.
- ✓ The special gifts our foster children bring, and how to identify/assess those talents
